

Building tomorrow's leaders **TODAY**

AG Bell's Leadership Opportunities for Teens (LOFT) is for high school students who are deaf and hard of hearing and use listening and spoken language as their primary mode of communication.

LOFT is a leadership program designed for high school students who are deaf and hard of hearing. LOFT guides teens in developing or strengthening skills in individual leadership, teamwork, group dynamics, public speaking, and self-advocacy. Teens who participate also make life-long friends and connections.

This four-day sleepaway experience provides a supportive and structured environment in which participants increase self-confidence and understanding of their own strengths and abilities through activities designed to challenge them. LOFT builds connections, respect and camaraderie among teens who share a common bond. This is a great opportunity for high school and college-bound teens interested in an enlightening and confidence-building experience away from home with their peers.
